

Team Contract Template

Team Name: DVD Experiment Blue

These are the terms of group conduct and cooperation that we agree on as a team.

Participation: We agree to do our fair share of project work, and do work outside of our designated role if the need arises.

Communication: We agree to maintain daily asynchronous communication through discord, and to participate in voice chat meetings when prescheduled. If a team member cannot attend a virtual meeting, we agree to update them on any decisions made, and what changes have been made to the schedule. We also agree to voice our concerns when they arise, and to speak up when we are uncomfortable with how a task is being handled, or how another team member is acting toward us.

Conduct: We agree to treat all team members with respect, and recognize the value of their contributions. If we have any concerns about a team member's conduct, we agree to speak to the Project Manager about the issue. The Project Manager agrees to speak with the team member about the issue, and if the issue persists, the Project Manager agrees to discuss the issue with Professor Negrin.

Conflict: We agree to prioritize the success of the game in our interactions. Any conflict of ideas or approaches will be discussed respectfully and without anger or malice. If members within a role cannot unanimously agree on a decision, the decision will be discussed with the entire group, at which point it will be decided democratically. We agree to compromise with other team members, and to continue to put in the time and effort to complete a facet of the project, whether or not we personally agree with how the group has decided to do it.

Deadlines: We agree to put in the time and effort necessary to complete tasks within the set deadline. The Project Manager agrees to discuss tasks with the team members assigned to them, and set a deadline that the team member agrees with. We cannot reach a deadline, we will discuss the issue with the team, and ask for assistance if we need help finishing the task on schedule. We will be accountable for our tasks, and recognize that if we agree to take on a task`
